

Introducing xfinity flex

**Search less and watch more
with a better way to stream.**

Xfinity Flex is a personalized streaming dashboard that puts all your favorites in one place.

A Flex 4K streaming service is now included with Xfinity Internet for no additional cost. It's two amazing services for the price of one.

Stream your favorite content.

Flex brings together your favorite apps and networks including Netflix, Prime Video, HBO®, and more.

10,000+ free shows and movies

Access content from free apps like Pluto, Xumo, and Tubi.

Search with your voice.

So you can easily find and watch what you love, even search across apps with the Xfinity Voice Remote.

Call, click, or visit to learn more.
