Campground Wide Scavenger Hunt

Campground Scavenger Hunt!!! Simply go to the CampersApp menu open the game and walk through the park to find the animated images of familiar camp objects such as a picnic table, mosquito, thermos, sleeping bag, campfire, tent and so on. Please **DO NOT TAKE THEM DOWN.** When you find an image, hover over it and tap your phone screen where shown to 'collect' it. Enjoy with your kids. If you find all 20 and come in the store for a lollipop! **PSST...the images are not on camper sites.** Your phones camera must be enabled for the game to work :)

It's that time of year when many of our summer staff returns to school. Please remember to watch your children including teens when on the beach or at the pool. Both areas have cameras, and although we don't constantly monitor them, if we see anyone breaking the rules as posted, your beach/pool privileges will be taken away. No second chances...we want everyone to have wonderful FLB memories.

Camper Rules and Policies at Fish Lake Beach

Overnight, Rental and Monthly Campers MUST comply with the rules signed and emailed at check in. A copy can be obtained at the store.

Seasonal Campers MUST comply with the rules in the 2021 Handbook Additional copies can be obtained at the store. Golf Cart Permit owners must comply with those rules or risk losing their permit. Do not allow anyone without a drivers license drive the cart!! Drive slowly, watch for others.

Trash Talk

If the dumpster nearest to you is full, please use another dumpster. Many are half full, others are spilling over with rubbish by Saturday. Do not leave large items IN or AT dumpsters. You will be fined.

Tank & Toilet Talk

Please do not flush these in your toilet---disinfecting wipes, baby wipes, personal hygiene wipes, cleaning wipes or wipes of any kind, including wipes labeled 'flushable'.

Gate Info

The interior entry gate opens with access cards. No card is needed to exit. Both gates are programmed to allow one car to enter or exit at a time. Damage to gate equipment is subject to a \$700 fine. The gatehouse area is video monitored 24x7.

Electric Tips

We highly recommend the use of surge protectors in your trailer.

Air Conditioners

FOR YOUR AIR CONDITIONER(S) TO RUN EFFICIENTLY AND avoid ELECTRICAL SURGES THEY MUST BE CLEANED AND MAINTAINED. If cottonwood or dust is on outside panels, turn off your air, and wash panels from top to bottom using a spray nozzle & water or just vacuum. If panels are really dirty, have a professional clean with chemicals.

Pool News

*To respect those attempting to socially distant, please DO NOT MOVE DECK CHAIRS. COVID is still present.

*Please do not send your children (under 12 yrs.) to the pool or beach to be watched by lifeguards. Children must be attended to by their parents, guardian or another adult.

*Lifeguards are allowed insulated coolers since their shifts run 6 hours and they must stay cool & hydrated to be alert and able.

Patrons may NOT have any beverages except water in clear plastic containers. Sugary drinks of any kind that drip or spill will attract bees. Stings hurt all, but are a life threatening emergency for others.

Beach News

No Lily Pad mats/inflatables are allowed in our swimming area or on the lake.

Electric

If the consumption of electricity in the surrounding communities is excessive, everyone, including Fish Lake, will receive less power.

To help avoid outages we suggest the following:

Reduce your overall electric consumption during this, or any heat wave. Shut off everything possible.

Your air conditioning will work at its most efficient state if the outside of the system is clean and has been serviced.

Surge protectors will shut your unit down if not enough electric is available or if the voltage changes 2-3 volts when other trailers AC starts up. Some surge protectors are too sensitive and will constantly shut down your elec. We have a brand we recommend. See YC

If a FLB fuse blows and there is an outage in your area, there are numerous reasons that cause this (including an air conditioner that needs servicing), but the solution is always the same: **we replace the fuse and the campers in that section must reduce their electric consumption. If they do not, outages will continue to happen.**

Please use only one air conditioner. In this heat our grid will not support the use of multiple air conditioners in one trailer.
