**Please think about what you are allowing your kids to do!**  
YC witnessed a boy (about 10) ride a motorized scooter down the hill (by the garages). He did not stop at the stop sign at the base of the hill. He flew toward the beach. She was going 10mph and could not catch up to him. He blew a second stop sign by the L sites. Added to all of this....he wasn't wearing a helmet! She finally stopped him and he had no idea that what he was doing was dangerous.  
There is nothing safe about allowing a child to drive a motorized scooter without a helmet and no knowledge of the rules of the road. Please do not allow someone innocent to get hurt.... either the driver or a pedestrian walking.  
SPEED LIMIT FOR MOTORIZED SCOOTERS IS 10MPH!  
THEY WILL BE BANNED IF COMPLIANCE IS NOT SEEN THIS FALL.
